Industrial

Division Summary

Ensuring Occupant Safety, Productivity, and Comfort

We help engineers, mechanical contractors, facility managers, and building owners ensure occupant safety, productivity, and comfort by meeting the stringent requirements of their facilities.

Our team addresses proper methods and fields concerns with decades of experience, implementing every stage of these projects first-hand. NFPA, EPA, IMC, OSHA Air Permitting, Fire Marshall, and insurance requirements are second nature, and our dedicated service team provides a complete scope of services at the hands of certified, union pipefitter technicians.

You can count on us because we're more than resellers. We're a proven resource at **every stage** of your equipment's service life.

Applications and Industry Experience

- + Agriculture & Seed Processing
 - + Aluminum Sawing
 - + Blasting
 - + Sand Blasting
 - + Bead Blasting
 - + Shot Blasting
 - + Grit Blasting
 - + Ceramic
 - + Chemical Processing
 - + Fiberglass & FRP Applications
 - + Flame Spraying
- + Food Processing
 - + Foundry Applications
 - + Laser Cutting
 - + Manufacturing
 - + Mining
 - + Crushers & Concentrators
 - + Paper Dust
 - + Plasma Cutting
 - + Thermal Spraying
 - + Welding
 - + Woodworking & Woodshops

End to End Services

- + System Design
- + Equipment Selection
- + Startup
- + Maintenance
- + Training
- + Product Support
